Review Attempt

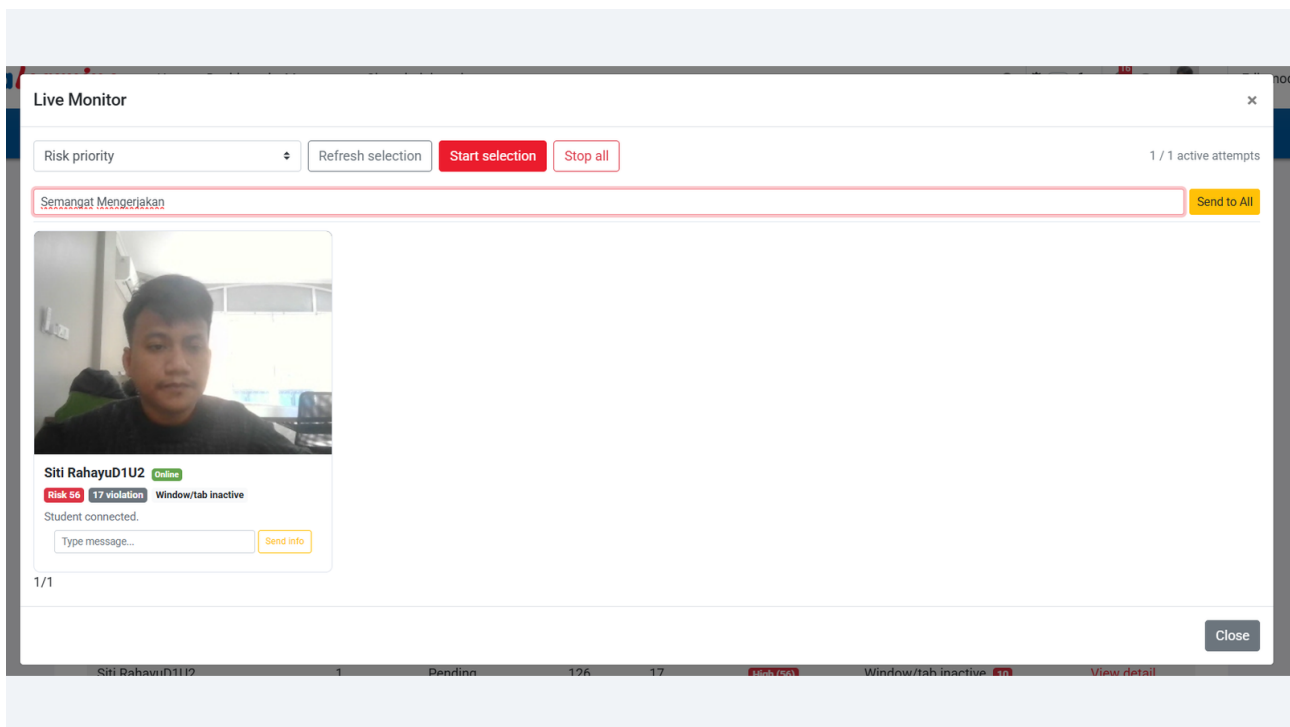

The screenshot displays the 'Alfalearning' web application interface for reviewing an attempt. The top navigation bar includes links for Home, Dashboard, My courses, Site administration, and a user profile. The main content area is titled 'Attempt: 1' and shows a 'TOTAL EVENTS' of 19, 'VIOLATIONS' of 5, and a 'RISK SCORE' of 13 - High. A 'Review status' dropdown is set to 'Pending'. Below this is a text field for 'Review comment' and a 'Save review' button. A 'Watch live' button is also present, with a note that 'Live monitoring is not active.' The 'Event timeline' section shows a grid of eight video thumbnails, each with a timestamp and a status label (e.g., 'No violation detected', 'Violation detected').

Gambar 7: Detail attempt dengan timeline event

This screenshot shows the 'Form review attempt' interface. It features a header with 'Attempt: 1' and a summary of 'TOTAL EVENTS' (19), 'VIOLATIONS' (5), and 'RISK SCORE' (13 - High). A 'Review status' dropdown is set to 'Pending'. Below this is a text field for 'Review comment' and a 'Save review' button. A 'Watch live' button is also present, with a note that 'Live monitoring is not active.'
